Status & enhancement of EMWIS web portals: Technical Unit and Country

MEDA Water

Jauad El Kharraz, EMWIS T. U.
2010-12-02; Florence

International Focal Point

- The **EMWIS Technical Unit** also acts as a **Focal Point** at an international level.

EMWIS SERVICES:

- Thematic water directory: « who does what » per topic and per country
- **Daily update of water news and events in the Euromed region**
- Documentary database: allows search of documents (reports, books, proceedings, etc) in the whole portal
- **Projects database: (MEDA-NIPs, MEDA-Water, LIFE, SMAP, INCO-MED, FP4-FP7, INTERREG, etc)**
- **EMWIS Multilingual Water Thesaurus** (7 languages, relations, water accounts, H2020, specific terms, etc)
- **International water initiatives: MedWIP, MEDA Water, MED-EUWI, EU-WFD, UfM, EU Research Framework Programmes (FP4-FP7), LIFE, SMAP, UNEP-MAP: MSSD, MEDSTAT, EXACT**
- **Monthly electronic Flash (newsletter)**

EMWIS meetings

Initiatives & Projects

To ensure the maximum impact on the Mediterranean water sector, complementarity and synergies of fundings and actions should be exploited under the different instruments and programmes existing in the region.

Therefore, the main initiatives dealing with water issues in the Euro-Mediterranean area are briefly presented in this section.

Importance & role of EMWIS focal points for each country

- The water information portal for the country
- **A node of the Euro-Med system**
- A major tool for building new collaborations
- **Information collection and implementation of the thematic directory**
- Agreements with information sources managers for access through EMWIS
- **Development of common access to these information sources**

National Focal Points Mandate

- Participating in meetings organized by the Coordination Committee
- **Making an inventory and approving the sources of available information**
- Organizing the procedures of communication and access to approved information in the country
- **Ensuring that the protocols of access to information are translated and available in the working EMWIS languages (English and French).**
- Developing, whenever necessary, the tools and interface software which permit access to information
- **Ensuring relations with country's users**
- Contributing to the elaboration of the annual workprogramme of the Technical Unit.

Potential improvements of NFPs ?

- **Website update**
- NFP website and/or organisation website?
- **Contact with the users (users needs survey)**
- Sign agreement with info. Providers
- **Statistics**
- List National & International call for proposals
- **Full text documents**
- Electronic newsletter of the NFP web site
- **Use of Technological tools**
- Promotion of NFP website & EMWIS through press releases, conferences, etc.

Single access point to online services

The screenshot displays the SEMIDE EMWIS Cyprus Portal website. At the top left, the SEMIDE EMWIS logo is visible. The main header features the text "CYPRUS Portal Portal" in a stylized font. Below the header, there is a navigation bar with several menu items. The main content area is organized into a grid of service tiles, each with a representative image and a title. The tiles include:

- Regional mechanis
- Water sca
- Water ins
- Desertific
- Desalinat
- Rural Mar
- Water dat
- Water rep
- Geoscien
- Hydrology
- Satellite c

At the bottom of the page, there are logos for MEDA and the European Union, along with a footer section containing text and a small graphic.
