# Regional Monitoring and Support Unit (RMSU) for the MEDA Water Projects and the EU Water Initiative

1st MEDA Water Event 5-7 December 2005 Mövenpick Dead Sea Resort Sweimeh, Dead Sea Road Jordan

**Documentation of Workshop Proceedings & Outputs** 

### **Table of Contents**

### Part 1: The Planning Workshop

- 1. Part 1: The Workshop
  - 1.1 Workshop Objectives
  - 1.2 Workshop Flow
  - 1.3 Workshop Rules

#### Part 2: Presentations / General

- 2.1 Mediterranean Joint Process
  Water Framework Directive / EU Water Initiative / Sylvie Detoc
- 2.2 Regional Monitoring And Support Unit / (Rmsu)
  IME / IOWater / SYKE CONSORTIUM
- 2.3 Application of Benchmarking to Projects Monitoring / Alain Vidal

## Part 3: Presentations / Projects

- 3.1 ADIRA
- 3.2 EMPOWERS Partnership:
- 3.3 EMWater Project
- 3.4 EMWIS
- 3.5 IRWA
- 3.6 ISIIMM
- 3.7 MED EUWI
- 3.8 MEDAWARE
- 3.9 MEDAWater
- 3.10 MEDROPLAN
- **3.11 MEDWA**
- 3.12 ZERO\_M

#### Part 4: Outcomes of Participatory Sessions

- 4.1 Participants Expectations from RMSU
- 4.2 Work Groups Recommendations
  - A) Monitoring: Concepts and Implementation
  - B) Coordination, Cooperation & Facilitation
  - C) Knowledge Management
  - D) Sustainability

#### Annexes

- A.1 Workshop Evaluation
- A.2 Workshop Program
- A.3 List of Participants

## **List of Acronyms & Abbreviations**

ADIRA Autonomous Desalination System Concepts for Sea Water and Brackish

Water in Rural Areas with Renewable Energies - ADIRA

**EMPOWERS** EMPOWERS Partnership: A Stakeholder Dialogue for Improved Local

Water Governance

**EMWATER** Efficient Management of Wastewater Treatment and Reuse in the

Countries: Jordan, Palestine, Lebanon and Turkey,

**EMWIS** Euro-Mediterranean Information System on know how in the Water Sector

IRWA Improvement of Irrigation Water Management in Lebanon and Jordan

**ISIIMM** Institutional and Social Innovations in Irrigation Mediterranean

Management

**MED EUWI** Mediterranean Component of the EU Water Initiative

**MEDAWARE** Development of Tools and Guidelines for the Promotion of Sustainable

Urban Wastewater Treatment and Reuse in the Agricultural Production in

the Mediterranean Countries

MEDROPLAN Mediterranean Drought Preparedness and Mitigation Planning

MEDWA Participatory Sustainable Water Management at Farm Level

**ZERO\_M** Sustainable Concepts Towards a Zero Outflow Municipality

## **Part 1: The Workshop**

## 1.1 Workshop Objectives

- 1. To present and discuss RMSU tasks (RMSU Kick-off meeting)
- 2. To present the EU Mediterranean Water Initiative
- 3. To discuss issues of importance to the projects and come up with binding recommendations

## 1.2 Workshop Flow

How? Workshop Flow.

Presentatio n on EU- MEDA Program Presentation on MEDA Water Projects Introduction of RMSU "Objectives, Methodology, & activities

Basis for groups discussions

improvement of the integration of countries and projects in the MEDA Water programme

improvement of sustainability

increased effect of the project outputs for the local population

## 1.3 Workshop Rules

## Rules for the workshop

- Patience
- 😊
- 24
- 🔊 💿
- T

## Part 2: Presentations / General

- 2.1 Mediterranean Joint Process
  Water Framework Directive / EU Water Initiative / Sylvie Detoc
- 2.2 Regional Monitoring And Support Unit / (RMSU) IME / IOWater / SYKE CONSORTIUM
- 2.3 Application of Benchmarking to Projects Monitoring / Alain Vidal

Please look for the full presentation under .... /General presentations/....

## 2.1 Mediterranean Joint Process Water Framework Directive / EU Water Initiative / Sylvie Detoc

EU Water Initiative 16/12/2005 Slide: 1

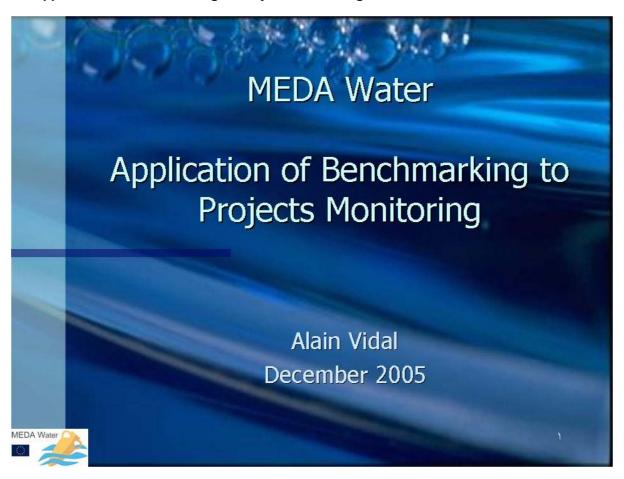

Sylvie Detoc

1st MEDA Water Event - Jordan, 5-7 December 2005

## **2.2 Regional Monitoring And Support Unit / (Rmsu)** IME / IOWater / SYKE CONSORTIUM

## 2.3 Application of Benchmarking to Projects Monitoring / Alain Vidal

## Part 3: Presentations / Projects

- 3.1 ADIRA
- 3.2 EMPOWERS
- 3.3 EMWATER
- 3.4 EMWIS
- 3.5 IRWA
- 3.6 ISIIMM
- 3.7 MED EUWI
- 3.8 MEDAWARE
- 3.9 RMSU: MED-EUWI
- 3.10 MEDROPLAN
- 3.11 MEDWA
- 3.12 ZERO-M

Euro-Mediterranean Information System on know how in the water sector

MED/AIDCO/2003/004763/069442

### **3.5 IRWA**

Improvement of Irrigation Water Management in Lebanon and Jordan

## Improvement of Irrigation Water **Management in Lebanon and Jordan**

### 3.6 ISIIMM

Institutional and Social innovations in Irrigation Mediterranean Management

EUROPEAN COMMISSION

EUROPEAN COMMISSION Mediterranean Regional Programme For Local Water Management Budget Line B7- 4100

## **MEDA - ISIIMM**

Institutional and Social innovations in Irrigation Mediterranean Management

Project Dates: May 2003 to April 2007

RMSU - JORDAN - 5-7 December 2005

Applicant : AGROPOLIS
Application Ref. :
ME8/AIDCO/2001/0515/59763-P 016

## 3.7 MED EUWI

Mediterranean Component of the EU Water Initiative

# Mediterranean Component of the EU Water Initiative

LEAD COUNTRY: GREECE

MEDA WATER Event, Dead Sea, Jordan, 5-7 December 2005

#### 3.8 MEDAWARE

## The MEDAWARE Project

- > MEDA
- > EUROPEAN COMMISSION
  - EURO-MEDITERRANEAN PARTNERSHIP
- Development of Tools and Guidelines for the Promotion of the Sustainable Urban Wastewater Treatment and Reuse in the Agricultural Production in the Mediterranean Countries
- Greece (National Technical University of Athens and Prospect Systems)
- Cyprus (Agriculture Research Institute)
- Jordan (Jordan University of Sciences and Technology)
- Lebanon (American University of Beirut)
- Morocco (Chouaib Doukkali University)
- Palestinian Authority (Ministry of Environmental Affairs)
- Turkey (Istanbul Technical University and Middle East Technical University)
- Spain (CARTIF Technology Center)

Duration: 42 months

May 2003 - October 2006

Amman, 5th December, 2005

## RMSU - MED-EUWI

- · 2 main parts:
  - Country dialogues
  - Pilot actions
    - · Links with MEDA projects
    - Links with MED-EUWI/WFD JP
- Main actors:
  - RMSU
  - MED-EUWI Secretariat
  - Water Experts (in general / OECD / Blue Plan / WWF / ...)

## **Deliverables**

- Rapid assessments 10 countries
- Detailed analysis 2 + 2 countries
- Financing strategies 2 + 2
- Road maps 2+ 2
- WDM pilot actions non-EU Pilot River Basins
- Process / meetings (WD, MED-EUWI...)

#### 3.10 MEDROPLAN

MEDROPLAN

Mediterranean Drought Preparedness and Mitigation Planning

Mediterranean Drought Preparedness and Mitigation Planning

## Mediterranean Drought Preparedness and Mitigation Planning (MEDROPLAN)

Europe Aid Cooperation Office, MEDA WATER Programme Contract number: ME8/AIDCO/2001/0515/59770 - P 027

## **Objectives**

- 1 Develop Guidelines for Drought Preparedness Plans
- 2 Set up a Drought Preparedness Network for the Mediterranean countries

University of Cyprus National Technical University of Athens, Greece University of Catania, Italy Institut Agronomique et Vétérinaire Hasan II, Morocco Confederación Hidrográfica del Tajo; Canal de Isabel II; Fundación Ecología y Desarrollo; Universidad Politécnica de Madrid, Spain Direction Générale des Barrages et des Grands Travaux Hydrauliques, Ministère de l'Agriculture, Tunisia

Sustainable Concepts Towards A Zero Outflow Municipality

www.zer0-m.org

A project under the EURO-MEDITERRANEAN PARTNERSHIP

Euro-Mediterranean Regional Programme For Local Water Management

Zer0-M aims at concepts and technologies to achieve optimised close-loop usage of all water flows in small municipalities or settlements (e.g. tourism facilities) not connected to a central wastewater treatment - the Zero Outflow Municipality (Zer0-M).

## **Part 4: Outcomes of Participatory Sessions**

The participants expressed their expectations from the RMSU in a moderated plenary session using the METAPLAN technique; i.e. Visualization through cards, pin-boards with the help of the moderator.

The cards were collected and clustered under key headings by a small workgroup comprising the moderator and resource persons. Afterwards the clustered cards were presented to the whole group of participants in a plenary session and their consensus was solicited and obtained.

The headings provided the key issues that were discussed on the second day of the workshop in separate working groups, comprising (as much as numbers of participants allowed) representatives from all projects.

The Moderator, and the representatives of the consortium responsible for the RMSU acted as resource persons moving between the different groups to ensure smooth flow of the process.

## 4.1 Participants Expectations from RMSU

## **Coordination**

- Reduce replication in activities of different projects
- To ensure that all MEDA water projects are contributing to a common outcome(s)
- Improve synergies between projects.
- Links between MEDA water projects and MEDA EUWI operations
- The instrumental arrangements to enhance inter projects exchange of experiences and lessons learnt
- Improved networking amongst similar projects.
- Regular meeting schedule

## **Communication**

- RMSU provides projects with plan of intervention
- Building a bridge between EU and project owners
- Support (including financial )dissemination of project achievements and results
- RMSU making projects aware of EUWI and future EU funding and other collaboration opportunities
- To link MEDA project results into the civil society –support to knowledge transfer
- Awareness raising to MEDA water audience on MED EUWI (public communication)

## **Facilitation**

- Facilitate sharing learning in developing quality indicators for change processes
- Improved involvement of related organizations
- Making things moving
- Assistance in political level facilitation positive impacts
- Facilitating policy recommendation from project for local /national decision makers

### **Monitoring Tools and Procedures**

- RMSU foremost function is to increase impact (and continuation) of MEDA –
   Water efforts
- Projects need assistance in developing exit strategies
- Projects need assistance to enhance sustainability

## **Benefits from Monitoring**

- Verifying quality of work done
- Mapping the way foreword: mission and strategy
- Developing indicators at the impacts level
- Support in meeting project goal
- Preparing evaluation reports

## **Conceptual issues**

- How to measure indicators of benchmarking?
- What if EC does not validate the indicators?
- Implement July meeting recommendations
- How to reach a clear set of criteria and measures of sustainability of the projects?
- Processes and mechanisms to enhance benchmarking ,monitoring /indicators

- Define level of coordination among projects to be provided by RMSU
- Define interface between projects and RMSU
- RMSU helps projects improve their performance but does not interfere in the management
- Hope :the mid –term evaluation becomes the mid–term improvement (a change in the log frame for RMSU)

## **Ouestions:**

• Will the RSMU be involved in the final review /evaluation

## **Financial and Administrative**

- financial support for benchmarking and monitoring
- helping projects through the difficult EU- tendering procedures
- clarification of projects modification process
- ensure EU institutional and financial support on current and future project activities
- reduction of administrative work
- ensure flexibility in EU procedures
- procedural facilitation (with EC- delegation)

Most of the financial and administrative questions were addressed on the second day by Andrew Warsap / EU Delegation; the remaining questions were addressed on the final day of the workshop by Mrs. Heit from the financial section at the EU Delegation.

- 4.2 Work Groups Recommendations
  A) Monitoring: Concepts and Implementation
  B) Coordination, Cooperation & Facilitation
  C) Knowledge Management
  D) Sustainability

A) Monitoring: Concepts and Implementation			
N. Committee and the second			
Monitoring			
Sub-Group Report			
Suo-Group Report			

- RMSU:
  - ▶ Define milestones starting from the past (Using log-frame and information on the past) to establish the baselines against which progress shall be assessed.
  - ▶ Provide on-the-job training and coaching/mentoring that is project-specific

B) Coordination, Cooperation & Facilitation

# Coordination, Cooperation and Facilitation

- Projects: Identify levels (in projects) at which efforts can be joined
- RMSU: Support/facilitate development of a coordination system / platform/rules of procedures/ ... (Think of an appropriate title and function)

# Knowledge Management Working group

# 13 participants representing all the projects except ADIRA

- Develop a standard format .. but keep it simple to capture META data
- Clarify distribution of roles between: RMSU, EMWIS and the individual projects
- Evaluate existing websites of the projects ...
- RMSU: Improve quality of existing sites .. avoid duplication ...
- Think of sustainability of websites after the projects end (future hosting and usability .. avoiding loss of momentum and knowledge)

## First MEDA Water Conference

## Working Group "Sustainability"

- Ismail Al Baz (EMWATER)/ Moderator
- Peter Laban (EMPOWERS) / Moderator
- Hanan Salah (MEDWA) / Presenter
- Maria Loizidou (MEDAWARE)
- Kamal Karaa (IRWA)
- Dunixi Gabiña (MEDROPLAN)

- Assess the value added from networking between local partners along thematic lines.
- Identify partners who are interested and who can acquire the capacity in the future to be responsible for building and maintaining on the basis of the outputs of our projects.
- Use results to justify strategic proposals/feedback to the EU for extension/renewal of projects

## Annexes

- A.1 Workshop EvaluationA.2 Workshop ProgramA.3 List of Participants

## A.1 Workshop Evaluation

Each of the participants was given 10 sticker dots to post his/her evaluation of the workshop proceedings and outcomes by placing them against 10 key parameters listed in the table below.

The results were as follow:

Parameter	Rating			Total
	Weak/Not Satisfactory	Average / So & So	Good Satisfactory	Votes/Parameter
Organization	6	18	14	38
Program Content	2	28	7	37
Program (Duration and	5	29	4	38
Hours)				
Presentations	6	20	6	32
Methodology	8	27	6	41*
(moderated				
Participation)				
Participants	2	25	13	40
Moderator	3	16	21	40
Achievement of	5	24	8	37
Objectives				
Sub-Total	37	187	79	303
% of Total	@ 12%	@68%	@20%	100%

A total of 35 participants took part in the evaluation. The numbers prove that the moderator was successful on explaining ways to manipulate the outcomes. An extra 23 votes appear in the total.

# **A.2 Workshop Program / Agenda** Agenda

Monday, 5 Do	ecember 2005
09:30-10:00	Reception; registration of participants
10:00-10:05	Welcome to the participants (Gert Soer, RMSU Team leader)
10:05-10:15	Opening address by Angelina Eichhorst, Head of Section of Ops 3- Development and Regional Cooperation, EU Delegation in Amman
10:15-10:30	Introduction to the workshop organisation and way of working (Mutaz Al- Taher, workshop moderator)
10:30-10:45	Introduction of participants
10:45-11:15	coffee break
11:15-11:25	presentation of the IME / OIEau / SYKE Consortium, responsible for the execution of the RMSU project (Hashmi Kennou, executive director of IME, leader of the Consortium)
11:25-11:55	presentation of objectives, methodology and activities of the RMSU (Malika Roussel, RMSU Project Management Expert, Gert Soer, RMSU Team leader )
11:55-12:15	benchmarking methodology to be used for the monitoring of progress and achievements of objectives of the MEDA Water Projects (Alain Vidal, RMSU Water Short Term Expert)
12:15-12:30	Expectations of the workshop participants with respect to the RMSU (collection of cards expressing the expectations of the participants, Mutaz Al-Taher, workshop moderator)
12:30-13:00	Clustering of cards and comments on the provided expectations (Workshop moderator, RMSU team)
13:00-14:00	lunch break
14:00-15:40	Presentations of the MEDA Water projects ADIRA, EMPOWERS, EMWATER, EMWIS and IRWA with the emphasis on maintaining the project momentum after the closure of the project (keywords: sustainability and trickle down effect); each project has 15 minutes presentation time followed by 5 minutes discussion
15:40-16:10	coffee break
16:10-17:50	Presentations of the MEDA Water projects ISIIMM, MEDAWARE, MEDROPLAN, MEDWA and ZERO-M with the emphasis on maintaining the project momentum after the closure of the project (keywords: sustainability and trickle down effect); each project has 15 minutes presentation time followed by 5 minutes discussion
17:50-18:30	short discussion and day's closing session (Mutaz Al-Taher, workshop moderator)
19:00	diner

Tuesday, 6 de	cember 2005
8:45-9:00	Recapitulation first day's results and present the agenda for the second day
9:00- 9:30	Presentation of the Mediterranean component of the EU Water Initiative; country dialogue (Vangelis Constatianos, Global Water Partnership - Mediterranean; Maria Papaioannou, Ministry of Environment Greece)
9:30-9:45	Presentation of the Mediterranean EU Water Initiative / Water Framework Directive Joint Process (Sylvie Detoc, EC DG Environment, Dept. Water & Marine)
9:45-10:00	Implications of the EUWI Med activities for the RMSU (Hachmi Kennou, executive director IME)
10:00-10:30	coffee break
10:30-11:30	Explication of the methodology used for today's work; collection and clustering of ideas for workshop topics. The topics should touch upon improvement of the integration of countries and projects in the MEDA Water programme and the improvement of sustainability and increased effect of the project outputs for the local population (Mutaz Al-Taher, workshop moderator, Gert Soer, RMSU Team leader, Alain Vidal, Water Short term Expert).
11:30-13:00	Division of participants in 4-5 groups that each work on different subjects; analysis of the present situation; recommendations how to improve the present situation
13:00-14:00	lunch
14:00-15:30	continuation of group work
15:30-16:00	coffee break
16:00-17:30	presentation of group work in plenum; discussion
17:30-18:00	today's closure session (Mutaz Al-Taher, workshop moderator)
19:00	diner

Wednesday,	7 December 2005
8:45-10:15	presentation of group work in plenum; discussion
10:15-10:45	coffee break
10:45-11:40	Compilation of the achieved results of the workshop (RMSU team); clarifications by EU Delegation staff; general discussion
11:40-12:00	The day's closing session (Mutaz Al-Taher, workshop moderator)
12:00-12:10	Final word and official workshop closure (Andrew Warsap, MEDA Water Task Manager in the EU Delegation in Amman
12:10	lunch

## A.3 List of Participants (for contact and other details see the separate file)
